AN EATING SORE

Henderson, Tex., Aug. 23, 1890.—"For eighteen months I had an eating sore on my tongue. I was treated by the best local physicians, but obtained no relief, the sore gradually growing worse. I concluded finally to try S. S. S., and was entirely cured after using a few bottles. You have my cheerful permission to publish the above statement for the benefit of those similarly afflicted." C. A Mysterious Night.

FREDERICKSBURG (Va.), Oct. 22.—Information from Spotsylvania county says that in the neighborhood of Peaks a few days ago, a gentleman while hunting in the backwoods came near a miserable hut, in which it was known lived a family of negroes. The air was filled with a horrible stench and buzzards sat around in the trees. On investigation the bodies of two negro boys in a decomposed state were found in the hut.

It seems they fought several days previous and one killed the other, while from the wound the other received death resulted. A child in the hut had a collar bone broken and was in a critical condition, and another male child, who was ill, was so cruelly bandaged by a woman who had been in charge that the little fellow was suffering horribly. The negroes in charge of the children have been arrested.

Silver Mine Discovery.

WEST SUPERIOR (Wis.) Oct. 22.—Much excitement has been precipitated over the finding of a vein of silver about two miles from Fond Du Lac. The News says that a number of Superior people have become interested in the scheme to develop the mine. The land on which the vein was discovered is situated on an island owned by J. B. Scoville. A party of Duluth and Superior speculators, with two experienced explorers, left to-day to examine the locality and make further tests of the quality and extent of the vein. The sample taken from the island by Scoville has been examined by experts and pronounced to be a good grade of silver.

A Man Francisco Fire.

SAN FRANCISCO, Oct. 22.—At an early hour this morning a fire broke out in the Mission Soap and Candle Works, owned by Max Morgenthau, on Sixteenth street, and, after destroying the building and its contents, spread to the Pacific Mattress Factory, owned by William Clark and Henry Black. Four cottages were also consumed, and Mrs. O'Connell, who occupied one of the buildings, was taken out unconscious by an officer. The loss is about \$80,000.

A Murderous Lunatic.

KWANNEE (Wis.), Oct. 22.—Albert Ludermeier, a young farmer, quarreled with his bride of a few weeks regarding the quantity of potatoes they should put in for winter. Ludermeier grew insanely angry, and seizing a Winchester rifle shot his wife dead. He then put the muzzle of the rifle to his own head and blew his brains out.

Snapped by the Police.

LIVERPOOL, Oct. 22.—Shortly before the race for the Cambridgehire stakes was run to-day the police made a raid upon a number of betting clubs in this city and arrested 300 persons. Among the prisoners are some prominent citizens.

PERSONALS.

R. C. Blossom of Battle Mountain is in town to-day.

R. Sadler, Democratic Nominee for Lieutenant Governor, was interviewing Reno voters to-day.

Senator Stewart, who is to speak at the Opera House to-night, arrived from Carson on the noon train.

F. H. Rice, (with Folsom and Wells) returned this morning from a visit to his family in East Oakland, Cal.

Mrs. Willard Shaff left this morning for Bishop Creek, where she goes to visit her recently widowed mother, Mrs. E. Mallory.

Judge Rising, Republican nominee for District Judge, and J. D. Torreyson, the nominee of the same party for Attorney General, returned last evening from the eastern part of the State.

Last Night's Fire Alarm.

The alarm of fire last evening was caused by some evil disposed miscreant, who set fire to a pile of hay belonging to Mrs. John Harrington, on Center street, above Sixth. Prompt action on the part of immediate neighbors quenched the flames before the arrival of the engine, which was moved as quickly as possible.

Reno will never have an efficient fire department until horses are provided for moving the steamers. The boys do all it is possible for men to do, but 12,000 pounds is too heavy for men to handle.

Card of Thanks.

We desire to thank all those Verdi and Reno friends who were so kind to us during the sickness and after the death of our beloved son, Charles Sproule. RAILROAD ACCIDENTS

Three of Them Occur in One Day.

SEVERAL ARE REPORTED KILLED

And a Large Number Seriously Injured.

War Declared Among the Baseball Players.

Another Railroad Slaughter.

CINCINNATI, Oct. 22.—A disastrous collision occurred at 4:40 o'clock this morning on the Cincinnati Southern Railroad in a tunnel a quarter of a mile north of Sloan Valley Station between freight and passenger trains. The latter left Cincinnati at 8 o'clock last evening. Another passenger train left Cincinnati an hour earlier. Both of these were held at Somerset, Ky., two hours or more on account of a freight wreck south of that place last night. When the track was clear the foremost Cincinnati train started out from Somerset first, and met and passed the passenger and the north-bound freight safely. Then the other passenger started out. When the first Cincinnati train started out the crew of the freight appeared to overlook the fact that another was to follow, and they pulled out and started northward. Less than a quarter of a mile away they entered the tunnel, one-sixth of a mile long. In the most hopeless place trainmen ever met death the engines of both trains dashed into each other. The cars took fire and a horrible conflagration ensued. No description of the scene has yet been made, only the bare results being telegraphed to the officials of the road here. Firemen Gould and Welch, brakeman John E. Montgomery, express messenger Edward Ruffner and the mail agent were killed. Engineers Taylor of the passenger train and Pimlott of the freight train were badly burned. The baggage-master was also injured. No passengers were killed, and if any were injured their names are not yet ascertained.

CINCINNATI, Oct. 22.—Young Paine, a commercial traveler, who had both legs crushed, has died.

Mail agent Gayle is living, but badly burned.

Mail agent C. L. Boegen is missing, and is supposed to have been burned to death.

The delay to the passenger train by another wreck caused the mistake of the engineer and conductor of the freight train. Fortunately the passenger train had not entirely gone into the tunnel when the crash came, and the three sleepers which did not leave the track served as a means of escape for the passengers. All of the train except three sleepers was burned.

Still Another Slaughter.

KANSAS CITY, Oct. 22.—A serious wreck occurred this morning on the Union Pacific near Armourdale. Nine persons were seriously injured and an engineer fatally. An east-bound freight which leaves the depot before the Union Pacific passenger train was delayed near the scene of the accident, and, as there was a very heavy fog, placed torpedoes on the track to warn the following train. The passenger engineer, warned by the torpedoes, stopped, and before a flagman could be sent back to warn the east-bound Rock Island train following, it crashed into the Pullman sleeper of the Union Pacific train. The Rock Island engine was a complete wreck, and the engineer was buried under the debris. The fireman jumped, but received severe injuries. The damage is estimated at \$60,000. The following were injured: Pat Cullen, an engineer, will die; John Coff, a fireman, fractured jaw and internal injuries; Edward Jackson (colored), both legs broken; J. H. Grayson, Pullman conductor, ankle sprained and bruised; J. F. Kinney of Chicago, bruised about the back; J. A. Lapschire of Lincoln, Neb., knee badly cut; John Driscoll of Asquaka, Kan., leg broken; C. J. Averie of Springfield, Ill., special agent of the Census Bureau, back sprained and bruised. The injured were taken to the hospital.

To-Day's Transactions.

WASHINGTON, Oct. 22.—The offerings of silver to the Treasury to-day amounted to 1,274,000 ounces. The amount purchased was 515,000 ounces, as follows: Fifteen thousand ounces at \$1.09; 100,000 at \$1.09; 100,000 at \$1.09; 100,000 at \$1.09; 200,000 at \$1.09.

Still Another.

BIRMINGHAM (Ala.), Oct. 22.—The passenger train on the Kansas City, Memphis & Birmingham Railroad which left here at 9 o'clock last night, west-bound, went out, leaving a sleeper and the conductor in the station. Discovering this fact six miles out of town, the engineer began backing into Birmingham. At Thomas' furnace, three miles out of the city, the backing train met an outgoing freight train and there was a terrible collision. Several passengers in the rear coach were killed and a number wounded.

The wounded have been brought to Birmingham. They are Mrs. W. F. Wagner and two children of Greenville, S. C., badly scalded; I. O. Franklin, a drummer from Nashville, Tenn., leg broken and otherwise hurt; J. H. Finnell of New Orleans, back hurt; J. A. Taylor, of Magnolia, Ark., head mashed and eye knocked out; W. B. Flanagan of Memphis, slightly injured; W. C. Burton, of Cordeval, Ala., scalded and badly mashed; E. P. Rose of Linna, Ala., arm broken; Rev. O. G. Smith, of Jasper, ribs broken and dangerously hurt; D. Sanford of Hot Springs, Ark., slightly hurt; A. L. Hill of Birmingham, slightly hurt; Hon. B. R. Long of Cordeval, bruised; M. D. Townlee and Walter Townlee of Townlee, Ala., slightly injured.

Four of the five dead reported are under the wreck, but their names have not yet been ascertained.

Two persons were killed: S. D. Franklin, a drummer of Nashville, and John Killian, a fireman.

A Sensible Resolution.

NEW YORK, Oct. 22.—The Biennial Convention of the Fenian Brotherhood was brought to a close at Paterson, N. J., last night. The session lasted three days. More than 200 delegates were present, representing all sections of the United States. By far the most important action of the convention was the unanimous indorsement of a recommendation by the General Secretary abolishing the secret oath of the organization. Hereafter all transactions of the Brotherhood will be open and the public free to attend all meetings.

In his report the General Secretary attributed the disruptions and disasters to the Irish organizations during the past two years to the fact that men with selfish personal ends, had, through a misuse of the secrecy clause in the constitution, forced themselves into power. There was no dissenting voice when the resolution was put to a vote.

The special committee appointed on the future of the organization in their report recommended that the Fenian Brotherhood hereafter be an open organization, that military and naval companies be organized, and that 90 per cent. of the receipts be devoted to this purpose. Companies to be known as "Fenian Volunteers" are to be held in readiness to assist the United States in case of a foreign war.

The following council was elected: George Smith, Chairman, Captain Driscoll, John Dowling, Francis Rea, R. O'Hara, Thomas Sampson, Ed. Whalen, James Barrett and Roderick J. Ryan. John N. Murphy was elected Treasurer.

Baseball Matters.

NEW YORK, Oct. 22.—All appearances indicate the chances for an amicable settlement of the baseball troubles are smaller than ever. The independent feeling which existed yesterday among the members of the various conference committees has been strengthened and has become a determination to stand by the course already outlined by each committee. It is admitted that the present state of affairs is due to the action of the players in forcing their way into the conference committee of the Players' League. The question asked by all this morning at the meeting was whether the National League would confer with players Ward, Hanlon and Irwin.

The conference committee of the National League said they would not, and the capitalists of the Players' League said they would not enter into any such conferences. During the morning the various committees held private conferences, the result of which could not be ascertained.

Still Skirmishing.

COLUMBUS, Oct. 22.—The Senate was in session only a few minutes, when a recess was taken in order to forestall a move in favor of taking up a bill to abolish the Cincinnati Board of Equalization.

A Cry of Distress.

The Democratic campaigners make a great boo-boo because bar silver is an article of commerce and is bought and sold. Will some of them tell us when bar silver was not an article of commerce? Bar silver has always fluctuated and has been sometimes above and sometimes below \$1.29 an ounce, even during the days of free coinage.

The sudden distress of the Democracy is very pathetic, considering that there never was a thing the members of that party would refuse to traffic in. Their party platform openly accuses them of "a shameless trafficking in votes," and no one can deny that whenever a cash offer has been made Democratic votes were openly negotiated.

Until the war the principal industry in the Democratic section of the Union was the breeding and marketing of men, women and children, and no figures can express the sorrow, shame and distress of those times when the father or the mother was put on the auction block and sold. The babe was torn from its mother's breast and the wife from her husband, and both from their children.

The fact is, there is no change whatever made in the principles of our financial system by the substitution of the Republican for the Democratic silver law, except that the benefits are multiplied by two and a quarter and the produce of this country in silver, wheat, cotton, corn and oats has been enhanced in value over a thousand million dollars.

THE Democratic Bland Act found silver at \$1.20 1-2. On the very next day it fell, and kept falling steadily. Grover Cleveland, who could not even wait until he was inaugurated before he gave silver a blow, pounding it until he and his party forced it down to 91 1-2 and the silver dollar to 70.57. The day after President Harrison was elected, silver began to revive, and when the Fifty-first Congress met it had climbed up to 96 1-4. To-day it is worth \$1.09, and its monetary uses are fully restored. Was ever a clearer, sharper contrast drawn by hard fact between Republican wisdom and competency, and Democratic folly and incapacity than is shown in these uncompromising figures?

Why, the value of our silver coin since Harrison's inauguration has increased \$90,238,000. But this is not all. Wheat, barley, oats, rye—all the products of the farm—have similarly grown in value. The wheat crop of 1889 amounted to 490,560,000 bushels, and its value was \$342,491,707, an average of a little less than seventy cents a bushel. The same crop would sell at to-day's prices, which have increased to \$1.02 1-2 a bushel, for \$154,526,400 more than was actually realized.

W. H. CAUGHLIN, the Republican nominee for Sheriff, is in every way worthy the support of his entire party. No man should scratch Coughlin for Flint, for Coughlin is in every way better qualified for the office. Mr. Flint has been Sheriff for four years, and during all that time has not performed an act that a bright boy ten years old could not have performed just as well. If the taxpayers look to their own interests they will vote for W. H. Coughlin for Sheriff, for he belongs to no ring or clique, and would be in every respect a Sheriff for the people.

JUDGE WEBSTER'S address to the people of Nevada is worthy of perusal. While he paints the picture of our condition in anything but bright colors, he tells many truths that the people can not gainsay.

R. L. HORTON will be a safe man to trust in the Controller's office for the next four years. He has had large experience in the business world, and is the right man to elect to the State's chief financial office.

No Republican musket was ever aimed at the heart of the Union.

Governor Colcord.

R. K. Colcord, a picture of whom appears on the third page of today's GAZETTE, is the Republican nominee for Governor. Mr. Colcord is, and always has been, a hard working man in the truest sense. For a great number of years he swung a pick and shoved a jack plane ten hours a day, and can the laboring class afford to throw off one of their number without giving him a trial? In any conflict between labor and capital Mr. Colcord would be found on the labor side of the question. He has both self-respect and dignity and would sooner lose his right hand than do anything dishonorable. He is over fifty years of age and has always led a temperate, upright life. Can he afford to spend the few remaining years of his allotted time in leading any other kind? His traducers have hunted high and low to find something unworthy the man to say about him, but have hunted in vain, for no man living can put his finger on a stain in the life of R. K. Colcord. He is a man of the people and for the people, and will be the next Governor of Nevada. He is in sympathy with the economic reforms now being agitated; he is in sympathy with the agricultural development of the State, and will be a valuable man to steer the ship of State through all the shoals that present themselves while passing from a decaying mining era to that of an agricultural era.

Vote for Colcord for Governor.

If the so-called leaders of the Republican party in Washoe county know when they are well off, they will take steps to disprove the accusations made against them of being mixed up in one of the dirtiest political trades that was ever known. It is simply disgraceful for a party to place good men on the ticket, and induce them to spend their time and money for the good of the cause, to be slaughtered by party treachery. We do not know positively that there is anything in the rumor, but know enough to warrant us in throwing out this hint to the managers. If there is nothing in the story, it would be easy for them to prove it and set at ease the minds of a great many good men who believe that a trade is going on. On the other hand, if it is true, it should forever damn the whole gang of unprincipled men engaged in the dirty work.

THE Homer Index says: "The hardest thing in politics is to carry water on both shoulders without spilling something." If reports are true there are quite a number of statesmen(?) trying to perform that feat in Reno. Thus far they have not succeeded, however, for they have slopped over a good deal and wet themselves so badly that it is a doubt if they get dry before election.

Our Motto

"A dollar's worth for a dollar" is the motto of Hood's Sarsaparilla. This medicine is a highly concentrated extract of Sarsaparilla and other well-known vegetable remedies, and is pronounced by experts the strongest and best preparation of the kind yet produced. It owes its peculiar strength and medicinal merit to the fact that it is prepared by a combination of Proportion, and Process.

Peculiar to itself, discovered by the proprietors of Hood's Sarsaparilla, and known to no other medicine. Its prompt action on the blood removes all impurities, and cures scrofula, salt rheum, sores, boils, pimples, all humors, and all diseases or affections arising from impure blood or low state of the system.

"I have taken Hood's Sarsaparilla and find it to be the best blood purifier I have ever used." Mrs. H. FIELD, Auburn, Cal.

The Best Medicine.

"I have used six bottles of Hood's Sarsaparilla for indigestion. It has helped me a great deal. I think it is the best medicine for indigestion and dyspepsia." Mrs. N. A. LAUDERDALE, 183 North Fifth Street, San Jose, Cal.

THE DEMOCRATIC PLATFORM.

Recognizing the true worth and straightforward manner in which the Democratic State Convention, held in Reno, September 12, 1890, presented to the people its platform and the completeness of its scope, we reassert the principles therein contained, and endorse it as a part of the platform of this Convention.

We lay special stress upon the doctrine of the election of honest and capable citizens of the State and county to office; of securing a free and intelligent exercise of the ballot; of restraining corporate abuses and usurpations; of adjusting and equalizing taxation, and of perpetuating the fair and honorable name of Washoe county.

We utterly repudiate the idea that to be successful in sustaining our principles we should bow down and worship the golden calf. In particular we endorse the Democratic State platform in denouncing the present ill-advised and impracticable law passed by a Republican Legislature, requesting the use of waste water for irrigation, and for setting the priority of right thereto, and demand the repeal thereof.

We pledge the nominees of this Convention to the economical and honest administration of the offices of both State and county.

JOTTINGS.

Buckwheat flour, new process. Yellow granulated cornmeal at E. C. Leadbetter's.

By taking your meals at the Riverside hotel you will have no use for a physician, undertaker or druggist.

C. J. Brookins' variety store is where you will find the most complete stock of pen and pencil tablets ever seen in the town.

No matter what your politics are, you can always find a nice hot lunch waiting for you at J. J. Becker's Chicago saloon.

If you want to see the prettiest hats and bonnets ever sold in the town, drop in at Miss Emma Gibb's Virginia street store.

J. W. Killen of Phoenix Hotel continues to accommodate all comers with as good a room as next a bed and as fine a meal as can be had in town.

All the most popular English and American magazines and the leading San Francisco and Sacramento papers can be had at C. A. Thurston's news depot.

Manitou Mineral Water from Manitou Soda Springs, Colorado, the queen of table water, by the dozen or case at H. J. Thyes', trade and families supplied.

"Is this the best?" Is the question often asked, when medicine is wanted. The following are a few of the medicines of known reliability, sold by Shoemaker & Co., druggist of this place. They have many other excellent medicines, but these are worthy of especial mention:

Chamberlain's Cough Remedy, famous for its cures of severe colds, and as a preventative for croup. Price 50 cents per bottle.

Chamberlain's Pain Balm, a general family liniment and especially valuable for rheumatism. Price 50 cents per bottle.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, the most reliable known medicine for bowel complaints. It is especially prized by persons subject to colic. It has cured many cases of chronic diarrhoea. Price 25 and 50 cents per bottle.

St. Patrick's Pills, for disorders of the liver and bowels a vigorous but gentle physic that cleanses and renovates the whole system. Price 25 cts. per box.

Chamberlain's Eye and Skin Ointment. For tetter, salt rheum, scald-head, eczema and chronic sore eyes. Price 25 cents.

What They are Good For.

Brandreth's Pills are the best medicine known.

First—They are purely vegetable, in fact a medicated food.

Second—The same dose always produces the same effect—other purgatives require increased doses and finally cause setting.

Third—They purify the blood.

Fourth—They invigorate the digestion and cleanse the stomach and bowels.

Fifth—They stimulate the liver and carry off vitiated bile and other depraved secretions.

The first two or three doses tell the story. The skin becomes clear, the eyes bright, the mind active, digestion restored, constiveness is cured, and animal vigor is recruited and all decay arrested.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. I you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at Wm. Finner's drug store.

The question has been asked. "In what respect are St. Patrick's Pills better than any other?" Try them. You will find that they produce a pleasant cathartic effect, are more certain in their action, and that they not only purge but cleanse the whole system and regulate the liver and bowels. For sale at 25 cents per box by Shoemaker & Co.

The Place to Buy. A. Nelson, of the Free Intelligence Office, Virginia street, carries a fine stock of the best tobaccos, Havana and Key West cigars, notions, cutlery, gent's underwear, overalls, buckskin gloves, suspenders and Dr. "Wiley's Discovery."

Why suffer with bleeding, blind, itching, and ulcerated piles, catarrh, old sores and chapped hands, when a few applications of Fryer's Absorbent Ointment guaranteed to effect a cure. Price, 25 cents. Sold by Wm. Finner. The original and genuine Absorbent Ointment bears the fac-simile signature of D. F. Fryer.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

For sick headache, female troubles, neuralgia pains in the head take Dr. J. H. McLean's Liver and Kidney Pills. 25 cents a box.

NEVADA'S NEXT GOVERNOR.

A Short History of the Life of R. K. Colcord, the Republican Nominee.

R. K. Colcord, whose picture adorns the third page of to-day's GAZETTE, was born in Waldo county, Maine, on the 25th day of April, 1837. His early boyhood was spent on the farm. He acquired a liberal public school education by dint of hard work, and is essentially a self-made man. He served an apprenticeship of three years as ship-joiner, attending school in the winter months and evening school during the summer. He took the westward fever early in 1856, which culminated in his landing in San Francisco in November of that year. For three years he followed mining in old Tuolumne county; then engaged in mill and bridge building. In 1853 he came to this State and immediately identified himself with quartz mining and has followed that vocation ever since. He erected the Imperial-Empire hoisting works in Gold Hill and was foreman for that company for nearly four years.

The fire of love was kindled in young Colcord's breast while he was on the Comstock, and he led to the altar one of Virginia City's fairest daughters. The fruits of this union were three children—two boys and a girl. Both boys were cut down by death when quite young, and the daughter, now a most charming young lady, is away attending school. Since 1866 Mr. Colcord has been the general manager for the Emerald Limited and Humboldt Electric Power and Mining Co.'s properties at Aurora, Nevada, in which company he is a shareholder. In July, 1889, Mr. Colcord was appointed Commissioner to the Paris Exposition for this State by Governor Stevenson and served with credit to himself and to Nevada.

Mr. Colcord is a man fully six feet in height and of fine physique and personal appearance. His open, frank face is an index to his character, and when one is introduced to him he immediately feels as if he was grasping the hand of an old and tried friend. He has the confidence of capital as well as labor and is held in high esteem wherever he is known. It is the lot of but few men to enjoy the reputation that R. K. Colcord enjoys and only goes to show that an honorable, upright life is bound to meet with recognition sooner or later.

Hon. R. K. Colcord, Republican Nominee for Governor.

THE STATE FOOTS THE BILL.

More Litigation Between State Officers and the Reno Reduction Works.

Stevenson, Hallock et al., defendants in the Asylum-Reduction Works water suit, have notified Hon. William Thompson through their attorney, J. F. Alexander, that the said defendants will in due course move the District Court for a new trial of the cause, and to vacate the decision rendered by Judge Bigelow on September 15th last. The motion is based upon the following grounds, to-wit:

First—Irregularity in the proceedings of the Court and adverse party, and orders of the Court and abuse of its discretion, by which defendants were prevented from having a fair trial.

Second—Accident and surprises that ordinary prudence could not have guarded against.

Third—Insufficiency of the evidence to justify the decision, and that said decision is against law.

Fourth—Error in law occurring at the trial and excepted to by said defendants.

For over two years Hallock and others have pushed this suit, using the money appropriated for the care of the insane to carry it on, against the only industry that has ever been started on the river in this county. The people of this community would have been better off had they never seen the Asylum or insane patients than to have so important an industry as the Reno Reduction Works crushed out by a lot of State officers who want to exercise their authority, and as long as the State is their banker, do not stop to consider the expense.

A Runaway Team.

The Homer Index says: F. G. Newlands is the bright star of Nevada. He is doing more to make up the State than all the other leading men combined, and will undoubtedly become U. S. Senator before he is much older. He and Stewart would make a runaway team.

Full of Bug-Juice.

A man full of bug-juice was around town last night cheering for "Upson and Winters." He evidently believed in evening up things by putting the tail of one ticket with the head of the other, but the worst mistake he made was putting the tail first.

SUNDAY CLOSING.

"Six Days Shall Thou Labor, and on the Seventh Rest," saith the Lord.

EDITOR GAZETTE: The notice published in the GAZETTE issue of October 17th, whereby the prominent wholesale and retail grocery and hardware merchants of Reno agree for a period extending up to the first Sunday in May, 1891, to keep their places of business entirely and strictly closed on Sundays, is a boon to the hard-working clerks and overworked proprietors, and well-deserved by both. This thoroughly American movement had its inception here at Reno in the year 1880, when the principal merchants entered into a covenant limiting the time of keeping open on Sunday, which the majority of them have endeavored sincerely to keep up, and, as a result, they have received the sympathy of the community, and, instead of losing thereby, are to-day doing the principal business. Then as now the closing movement was hampered by a few dealers who, for the sake of a few shakels that they might acquire by remaining open, kept their clerks at work in defiance of the generally expressed public opinion.

Since then conditions have changed. The Clerks' Association of Virginia City has been organized, and fought its battle to a successful issue. Only a week ago the Dry Goods Clerks' Association of San Francisco was fighting the obstinacy of two dealers, who, against the acquiescence of all the other local establishments in that line, persisted in antagonizing the six o'clock daily closing movement. The sense of justice, always inherent in every American community, finally brought them to time, for the justice loving people who constitute the great majority of the Bay City rigidly avoided patronizing the places of business of the recalcitrant objects, taking a leaf, by way of example, out of recent Irish history, till finally they were only too glad to join with their brethren, and, as a result, the movement has won a triumphant success.

Hon. R. K. Colcord, Republican Nominee for Governor.

the Christian, and 'civilized' world, to proprietors and employees who devote fifteen hours daily, at least, to a physically and mentally laborious pursuit?

The success of a movement like this depends on a total closing, or else all merchandise stores will remain open. The obstinacy of one or two will paralyze the good will and intentions of ninety-eight others, for trade is notoriously jealous. It is hoped that nothing of the kind will happen here to mar the success of the Sunday closing movement, for it is bound to attain ultimate success, though obstacles may arise to defer it. The clothing, men's furnishing and boot and shoe merchants are all harmonious with the movement and willing to join hand with the inaugurators. Business patronage, which is steadily increasing, will surely be beguiled into line any persistent objects engaged in business by the gentle persuasion of public opinion, when they see patrons avoiding their stores because of their persistency in a wrong cause, they may, like Saul of old, suddenly see the vision of light bearing the glint of silver dollars, but unfortunately vanishing in a wrong direction—away from their pockets.

A St. Louis Merchant's Trip to the Postoffice, and the Result.

California's last sensation is beginning to take hold of St. Louis. J. V. S. Bartlett, the commission merchant of 122 and 124 North Commercial Street, was one of the first to test Joy's Vegetable Sarsaparilla in sick headaches. Its effect was such a surprising surprise that he went over to the post-office and told his friend, Thos. P. Culkin, sup't of the registry division, who was also worried with headaches. The following letter details his friend's experience also:

POSTOFFICE, ST. LOUIS, Feb. 20, 1890.
J. V. S. BARTLETT, Esq.:—Dear Sir: You ask me, Did I act on your advice? I did, and have to thank you. For years I have suffered from indigestion and headaches. I had been beset by rarely troubled with a headache of any kind, for which I give due credit to your advice and Joy's Vegetable Sarsaparilla. Yours, etc., THOS. P. The Best Man in the World.

Well, if not positively the best, one of the wisest is he who checks disease at the start in his own system. In preserving or restoring the heaven-granted gift of health, he deserves profound consideration. His example is worthy to be imitated. The complaints which afflict us are largely attributable to a want of tone in the stomach, either inherent or inflicted by our selves upon that most absurd repository of the food that should nourish us. What is its requirement in adversity? A whole some tonic. None so good, if we rely upon experience and testimony, as Hostetter's Stomach Bitters. Regulation as well as invigoration of the digestive viscera, is not to be effected by these. Through the agency of the stomachic named, strength of the entire system is reinvigorated—dyspepsia and biliousness overcome. Malarial, kidney bladder and rheumatic complaints are eradicated by this salutary reformer of ill health.

PLATFORM & RESOLUTIONS
Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

Resolved, That the Republican party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of State as to encourage the development and settlement of a continent, none has so devoted its efforts to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.
In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the greatest record of any political organization in or out of any country and the hope and promise of a better future for the human race.

PLATFORM & RESOLUTIONS
Adopted by the Republican State Convention held at Virginia, Nevada, September 4, 1890:

Resolved, That the Republican party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of State as to encourage the development and settlement of a continent, none has so devoted its efforts to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.
In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the greatest record of any political organization in or out of any country and the hope and promise of a better future for the human race.

MISCELLANEOUS.
THE RUSSIAN PRINCESS.
A Poor Little Offshoot of Royalty Reduced to Abject Poverty.

"When we first met her she was living in the Hotel Bristol... a poor little offshoot of royalty reduced to abject poverty... she was a Russian princess, but she maintained that she was a Russian princess, and insisted on being addressed as 'Your Excellency'."

"One day she announced her intention of visiting St. Petersburg. It was whispered that she was connected mysteriously with an august person in that capital. This was accepted in the same skeptical spirit as we did her rank of Princess and her hinted assertion that high quarters in St. Petersburg would be flattered by her appearance."

"Now, just at that moment the powerful person to whom she owed her pension was prematurely called away to a land where pensions of a different sort are settled. His sudden withdrawal caused a sensation we all can yet recall."

"She is dressed in rags almost, is in delicate health, unable in sickness to have a doctor to attend her because she cannot afford the fee, to have food, wines or medicines, or any comforts. She lives in a cheap 'pension' on the fifth floor in most desolate circumstances."

"The Bonnet Wouldn't Budge. While waiting for a train at Yokohama station not many years ago, a tourist observed a Japanese gentleman faultlessly attired in European dress approach a Japanese lady (also dressed after the manner of European nations) and lift his hat with a pretty bow made in the orthodox Western style."

"In Love With His Mother. The Crown Prince of Italy is a devoted lover of his beautiful and clever mother. When he is absent from her he sends two long telegrams to her each day besides writing her a letter. Like the Queen the Prince speaks and writes fluently French, English and German."

"Rather Ambiguous. 'I see by your sign that you are a dispensing druggist.' 'Yes, sir.' 'What do you dispense with?' 'With accuracy, sir.' 'I was afraid you did.'"
